

## Alec and Robyn's Naughty Christmas 2011

By AK

### Act I

Robyn wanted to make the Christmas with her much beloved boyfriend Alec special and memorable. She planned to give him a special gift of a good time. She decided she would send him a special Christmas card which doubled as an invite to her place for Christmas. To make her intentions more clear and to make it more fun (for both of them!), she decided to make the card suggestive. She wanted Alec to be enticed by *her* rather than some other lady or image so she made the card herself featuring herself. She had fun with it – posing for her special man! At first she thought she would leave her sexy Santa's helper outfit as a surprise, but instead she finally decided to showcase it in the card too. She even added a mistletoe for good measure!

Alec instantly understood and promptly accepted her invitation. He was already very much looking forward to sharing Christmas with his beloved lovely girlfriend Robyn. Robyn only wanted to enjoy a special holiday night with him, but she did not know that Alec had a gift of his own planned for her. Alec decided to return the favor by enjoying the night with her and giving her the special gift of his man-juice.

Both Alec and Robyn eagerly awaited their celebration. When Alec ringed the bell, she instantly opened at the door to find Alec in his sexy elf costume matching Robyn's sexy Santa's helper costume. Alec quickly entered and Robyn quickly closed the door. No sooner did she close the door behind him that Alec had already shed his costume and was already guiding her to the nearby wall. Alec was so eager that he took Robyn by surprise. Before she knew it, he had already entered her.

"My card really got to you, didn't it?" she said.

"It really did the trick. I could not wait!" replied Alec.

"I can see that!" Robyn exclaimed with pleasant surprise and a soft moan.

"I want you to enjoy me." she continued as he did just that!

Alec continued his thrusts. Sometimes deeper, sometimes shallower. Sometimes harder, sometimes softer. Robyn's breathing began deepening and hardening during deeper and harder thrusts. Alec's breathing became harder as well. She started moaning slightly and softly.

"I planned a quiet meal to begin our night." she thought to herself.

"But, this makes for a wonderful start just the same!" she continued to herself as Alec's enthusiasm overpowered her.

She decided to let herself be engulfed in the enjoyment of Alec's desire and instead postpone the meal during their post lovemaking recovery. Her now wet pussy welcomed his thrusts. Alec's thrusts were all harder and deeper now as he began grunting softly.

"What a view! What an ass! And she is all mine!" he exclaimed to himself happily.

Robyn's moans grew loud and strong now and her breath started to pant.

"I want you to cum inside me!" she said over her now panting breath as she realized he was fully enjoying the view of her back and ass just as she wanted and he may climax soon.

Shortly thereafter, Alec is now approaching his climax with panting breath and grunts. Each thrust penetrating her deeper and harder than the last. Each thrust eliciting a greater and greater moan. With a final grunt, he made one final thrust pulling her hips to him to penetrate deep and hard as could be as he made his first shot of semen into her warm wet vagina. He then pulled close to her and held her body to body with his arms around her as he let out the remaining bursts of semen into her. She could feel his hot sticky man juice shooting into her as she smiled to herself and enjoyed his warm embrace. They both stayed that way until they finished relaxing.

## *Act II*

Alec and Robyn then moved on to their dinner. They talked and laughed as they enjoyed the meal together. After Alec and Robyn finish their meal, they continue chatting a bit. Alec formally compliments Robyn on her outfit and her creative card much to her delight.

Afterwards, Robyn clears the table. She works gracefully while bending and walking suggestively. When she returns to the table for the final time, Alec guides her body as he bends her over the table to take her from behind! He started off rubbing his cock against her bottom stimulating both her clit and pussy teasing her immensely.

"Oh! Again? So soon?" she exclaimed and asked trying to cover up her secretly wanting him to have his way with her again as he grabbed her hips and started teasing her.

"Why you showed of so well, I simply have to have you again!" replied Alec.

"Aww. Enjoy your seconds!" she retorted. Afterall, she cannot turn down her man.

Both were already partially aroused. She was already starting to get wet when he grabbed her and his teasing her put her over the top making her fully wet and horny which Alec could feel through her bottom.

"Take me, take me, it is all yours!" she begged waving her hips left and right.

Alec smirked having every intention of it from the start.

"I am going to roughen her up a bit." he thought to himself as he plunged his cock into her dripping wet vagina going for max penetration to start. Robyn moaned loudly from his penetration knowing what he is upto and signaling that she approves. Alec eased and varied the strength and depth some but kept his thrusts strong. Robyn kept her moans commensurate with the strength and depth of Alec's penetration.

"I am totally fucking her over tonight!" thought Alec with pride and amusement.

"I am so getting fucked over and loving it!" she thought to herself enjoying the roughness.

Robyn was fast approaching her climax. Her moans turned to screams. He was now fully plunging himself into her with every thrust; the action to which she was now climaxing. Having had the pleasure of satisfying Robyn, he worked on his own climaxing. She helped by wiggling her hips around as well. Shortly thereafter already on her way down on her way down, Alec kept his cock fully entered as he squirted his cum into her.

"Sorry I came too fast." apologized Robyn.

"That is ok, I loved the ride." replied Alec to her delight.

### *Act III*

"I know! Let's sit on the sofa; maybe talk a little, watch a movie?" suggested Robyn.

"I am up for anything so long as it means spending the holiday night close to my beloved Robyn." replied Alec.

"Great! I have just the movie! Noel!" she said as she brought the movie and loaded it in. She was excited.

"Afterall, Christmas, romance -- what more could a gal want? And spending the night cozied up with her beloved. Yes please!" she thought to herself.

Thankful for the time with his beloved, he ignored the movie title. They snuggled up and chatted a little more as the movie loaded. Near the end of the movie, the romance of it all and her Alec being right there really got Robyn going. She wanted a piece of the action too. Hinting at her designs, she started caressing him around his groin, softly at first.

"Alec may be tired. Afterall we did just have some strong lovemaking twice tonight." she thought to herself with a naughty grin hesitating for a little while. But the mood overcame her. She caressed him more and stroked his cock some then proceeded to sit on his lap. His cock was strong enough now. She eagerly guided it into her. She let out a moaning sigh of relief at satisfying herself. Her wet cock hungry pussy readily welcomed him in and held on tight.

"My turn to be in control!" she said to herself.

"What a view, what a show!" he said to himself as if in response with a naughty grin. And who knows, maybe Alec was covering his desire for another passionate lovemaking session.

"This will be my defining memory of tonight." She thought riding him with passionate vigor. "Oh! Oh! Oh!" she moaned with soaring pleasure.

Wanting to be a part of the action and not just watch, Alec holds Robyn by the hips adding his effort helping Robyn along. Both lovers' breathing is heavy as the romantic passion consumes them both. Her moaning grew more and more frequent and passionate. Their breathing grew heavier and heavier. They alternate back and forth between her riding and him thrusting as if in harmonic rhythm.

"Oh Alec!" she moans now fully engulfed in the moment. The longer she goes, the more her pleasure grows! Signaling Robyn is on the verge of her climax.

"Just a little longer. Let's cum together." whispers Alec in her ear but she cannot wait. She must have the moment now. She clinches his cock tight and rides him vigorously to speed his climax. Her efforts pay off as the moment she has been waiting for occurs. With one last thrust, she cums just when she can feel his fully inserted cock throbbing releasing squirts of his hot juicy cum inside her. Both release a simultaneous moan of ecstasy.

"Love you, hun" they tell each other as they drift off snuggled together.
